Camino De Santiago route

Doreen Martens

Jeremy Bergen

The Camino de Santiago, a Christian pilgrimage route in northern Spain, has been a path for spiritual renewal since the Middle Ages. Each year, hundreds of thousands of participants follow the route, which has been named a UNESCO World Heritage site. Doreen Martens, journalist and editor, and Jeremy Bergen, Director of Theological Studies at Conrad Grebel University College, have walked the trail at different times. Join us as they share their experience in word and picture.
