FACULTY EXPERTS GUIDE

Conrad Grebel University College is a liberal arts college founded by the Mennonite Church and affiliated with the University of Waterloo. The mission and programs of Grebel are rooted in and inspired by its Christian identity and its Anabaptist/Mennonite heritage.

The College's mission is to seek wisdom, nurture faith, and pursue justice and peace in service to church and society. An important part of this mission includes being a resource to the community in churches, schools, and civil society.

This guide includes faculty and staff members who are willing to share in community and church settings through lectures, presentations, workshops, adult and youth education, sermons, and as conference speakers. Areas of expertise are listed. Please contact each person directly to inquire about availability.

In addition, Grebel can connect you with choirs, instrumental ensembles, a Balinese gamelan ensemble, and student ambassadors who relate well to youth. Other resources to the church and community include: library, archives, Grebel Gallery, continuing education programs, and many events throughout the year.
